

PORTALS TO THE PAST

Earth Science and History Workshops for Schools and Colleges

www.portalstothepast.co.uk

Good evening, I expressed my thanks today before I left but I felt I had to put it into writing.

Many thanks for playing host to my Roman workshop today.

The staff were very kind, helpful and professional, especially Miss Cowan (I hope I have spelled her name correctly) the children were very polite, well-behaved and obviously knew a lot about the Roman period of history before I arrived... a real credit to her as a teacher and indeed your school.

It made my day very easy and we were able to cover so many aspects of Roman life; (Medicine, engineering, communication, diet and the Roman army) I don't normally get to talk about because so much of the day is spent trying to organise the children, but your pupils were very keen, attentive, helpful and well informed.

Many thanks

Dan Shadrake
